

Dear Joseph and Gail Anderson and family,

My class and I wanted to tell you how much we enjoyed your presentation at our school on February 12th. We especially liked all the music and the story telling. I enjoyed the music having been a musician in the Navy for 20 years and having done a lot of school assemblies, and your show is as good as it gets. Well, thanks again and here are my students letters saying how much they enjoyed the show. Please think about coming back next year.

New Town Elementary School

Mama Gail,

Thank you so much for this experience. You give so much wisdom + hope through your stories.

Your family unit is like a circle. Never ending in a continuous ring of love and flow.

You are like water, with a gentle beckoning and flow, like that I have never seen before. Even without the rhythm of the drum or any musical accompaniment you still flow. Through your walk, your talk, every ~~part~~^{essence} of your being. Your smile and eyes emit such sincerity and wisdom. I am grateful to our creator for this opportunity and thank you for following your path!

Jackie

Dear Gail, Joseph, Sonji and Karim,

Thank you so much for your wonderful, uplifting and healing program at Heritage Greens. People talked about it for weeks afterwards and were so happy! You brought a love, exhilaration for life and a joy of spirit to our Residents, and I am forever grateful. I also thank you for your special arrangement you worked out with us to allow us to have you come!

You four are truly gifts to all who hear you. My husband, Jorge and I are continuing to enjoy your work by listening to your CD that we purchased.

May God richly bless you as you have blessed us and so many others!

In God's love,
Lisa
